MEET OUR SENIORS

2023 Graduating Seniors

We appreciate our Seniors taking a little time out of their busy schedules to share what their future plans are and some parting thoughts as they embark on the next chapter in their life.

We are wishing them all the best and are thankful for the time they have spent within our community.

In the pages that follow, you can read about what they will miss most, what they are doing next, and what wisdom they have to share with their younger teammates.

We encourage you to share this newsletter with your swimmers.

Please join us on July 15th for a [team potluck](#) where we'll celebrate our seniors and continue to build our community. All families in all swim groups are encouraged to attend. See the email sent Monday, 6/26.

If attending college, where will you be going and what will your major be?

Forensics

What advice do you have for younger teammates?

Always advocate for yourself, don't be afraid to reach out to your coach for help if you need it. Perseverance is key, there might be times where you aren't motivated or are struggling but if swimming is something you truly enjoy pushing through hard times pays off.

How long have you been on a swim team?

Almost 10 years!!

What motivated you to keep swimming through your high school years?

My teammate's definitely motivate me most and always have made me feel welcome in the pool no matter who I'm swimming with. The environment at practice is amazing (especially when it's sunny) and I enjoy getting to see my besties everyday!

What will you miss most about The Dolphins?

Definitely my teammates and the music!!

What are you looking forward to most after high school?

I am really looking forward to swimming at the collegiate level and getting to further my education in a field I am super interested in! I am also looking forward to the independence that comes with college!

What are your plans post high school?

I hope to spend my summer with my friends and teammates before I leave for college in August! In the long run, I would like to become an athletic trainer for either a collegiate, or pro sports team!

If attending college, where will you be going and what will your major be?

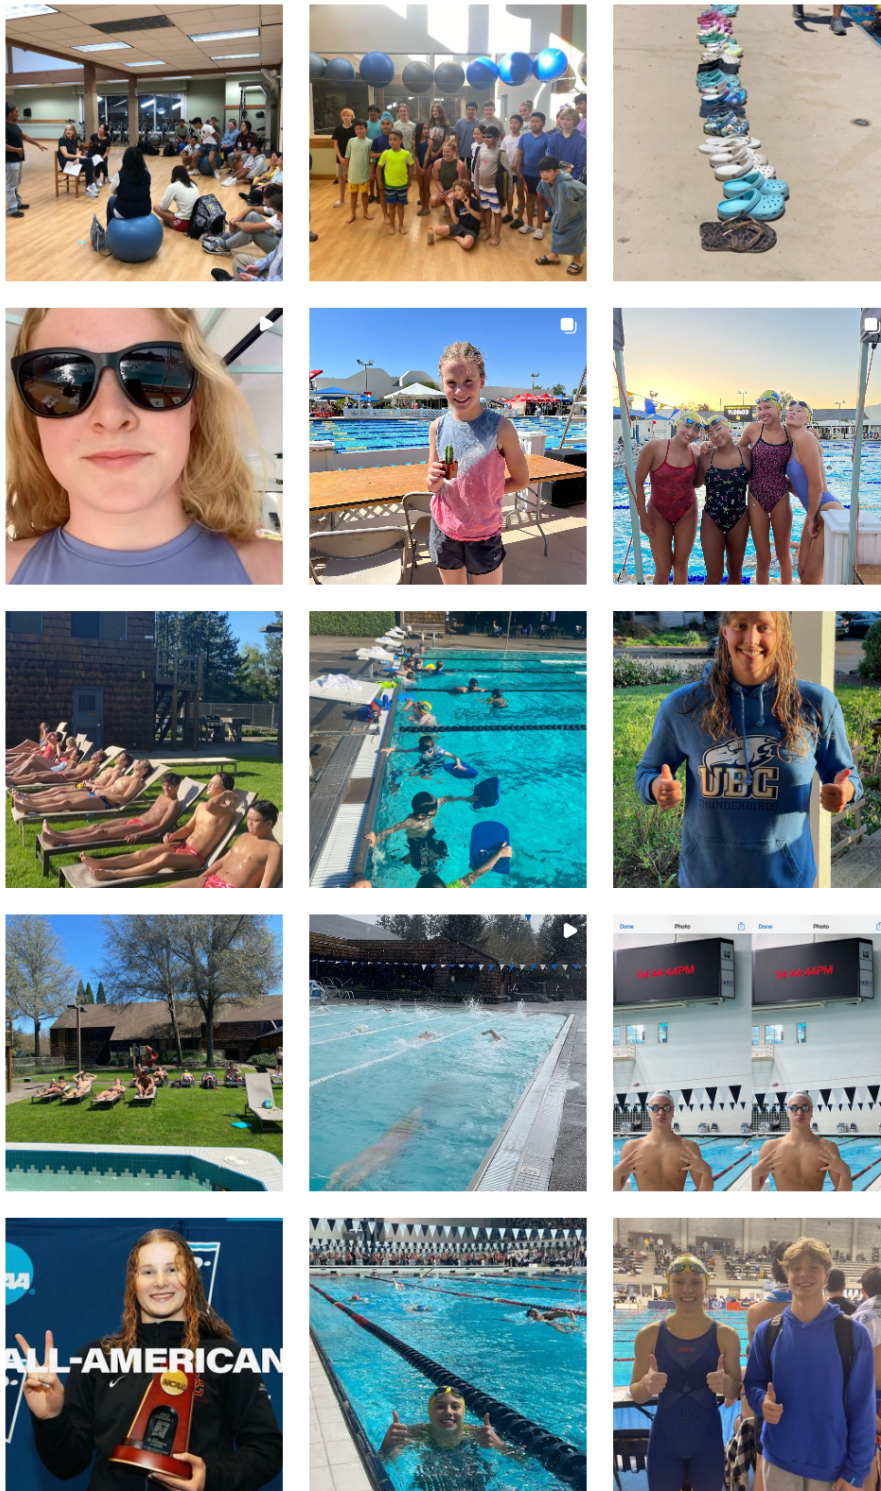

I will be attending San Jose State University where I will be swimming D1 and studying kinesiology (the study of movement) and exercise science!

What advice do you have for younger teammates?

Be consistent and really try to put your love for the sport above everything else! They say for every practice you miss, it takes 2 more to make up for it!! But seriously... have fun!
